## ROSÉ DE NOIRS 2019

### Growing Season

The 2019 growing season started well with budburst taking place in early April, thankfully avoiding the spring frosts. Moderately warm weather at the end of June resulted in a successful flowering and even fruit set throughout. Good weather in August encouraged consistent fruit development and cooler temperatures in September and October produced an abundance of wonderfully complex fruit balanced by beautiful acids.

### Winemaking

Carefully selected bunches of Pinot Noir and Pinot Meunier grapes were gently whole bunch pressed and partially fermented in old Burgundian barrels followed by a generous period of lees ageing in bottle for a minimum of 48 months.

A splash of Pinot Précoce was added as a still red wine at disgorgement imparting a pretty rose-pink tone and attractive red berry notes on this wine.

### Tasting Notes

An elegant sparkling rosé displaying delightful notes of wild strawberries, ripe red berries with a hint of toasted walnuts and biscuity richness.

Delicate bubbles on the palate and vibrant acidity lead to a long, beautifully balanced finish.
